Here at Alcona Chiropractic, we focus on your potential to be healthy! When a patient seeks chiropractic care, it is essential that we are both working towards the same objective. Please take a moment to familiarize yourself with the following terms:

**The goal of Chiropractic:** To remove any interference from the spine and spinal nerves, in order to allow the brain to fully communicate with the body.

**Subluxation:** A misalignment or restricted movement in the spine which causes interference to the transmission of nerve impulses, resulting in a lessening of the body's ability to heal and express its health potential.

**Adjustment:** An adjustment is the specific application of movement used to facilitate the body's correction of subluxation.

Has your child ever received chiropractic care?

*Yes No*

If yes, previous Doctor's name and last visit date? \_\_\_\_\_

**Present Health or Developmental Concerns:**

\_\_\_\_\_  
\_\_\_\_\_  
\_\_\_\_\_

When was this problem first noticed?

\_\_\_\_\_

Is this becoming worse?

\_\_\_\_\_

Other professionals seen for this condition?

\_\_\_\_\_

Results with that treatment?

\_\_\_\_\_  
\_\_\_\_\_

**History of Birth**

What was the child's gestational age at birth? \_\_\_\_ weeks.

Birth weight \_\_\_\_ lbs \_\_\_\_ oz Birth length \_\_\_\_ inches

Was your child's birth at home, in a birthing center or in a hospital? (please circle one)

Was the birth considered medical or midwife? (please circle one)

What was the duration of the labour and birth? \_\_\_\_ hours

Was child born cephalic (head first) or breech (feet first)? (please circle one)

Were there any complications during birth?

*Yes No*

If Yes, please explain \_\_\_\_\_

Please circle any assistance which was used during the birth

*Forceps Vacuum extraction C-section Episiotomy*

Was labour spontaneous or induced? (please circle one)

Were medications or epidurals given to the mother during birth?

*Yes No*

If yes, what was given: \_\_\_\_\_

### **Sleep Patterns**

Do you consider the child's sleeping pattern normal? Yes No

If No, please explain

\_\_\_\_\_

### **Eating Patterns**

Do you consider the child's eating patterns normal? Yes No

If No, please explain

\_\_\_\_\_

Was this child breast-fed?

*Yes No* If yes, how long? \_\_\_\_\_

Formula introduced at what age? \_\_\_\_\_

Introduction of cow's milk at what age? \_\_\_\_\_

Began solid foods at what age? \_\_\_\_\_ Type of foods? \_\_\_\_\_

**Informed Consent to Chiropractic Care**

There are risks and possible risks associated with manual therapy techniques used by doctors of chiropractic. In particular you should note:

- a) While rare, some patients may experience short term aggravation of symptoms or muscle and ligament strains or sprains as a result of manual therapy techniques. Although highly uncommon, rib fractures have also been known to occur following certain manual therapy procedures;
- b) There are reported cases of stroke associated with visits to medical doctors and chiropractors. Research and scientific evidence does not establish a cause and effect relationship between chiropractic treatment and the occurrence of stroke. Recent studies suggest that patients may be consulting medical doctors and chiropractors when they are in the early stages of a stroke. In essence, there is a stroke already in progress. However, you are being informed of this reported association because a stroke may cause serious neurological impairment or even death. The possibility of such injuries occurring in association with upper cervical adjustment is extremely remote;
- c) There are rare reported cases of disc injuries identified following cervical and lumbar spinal adjustment, although no scientific evidence has demonstrated such injuries are caused, or may be caused, by spinal adjustments or other chiropractic treatment;
- d) There are infrequent reported cases of burns or skin irritation in association with the use of some types of electrical therapy offered by some doctors of chiropractic.

I acknowledge I have read this consent and I have discussed, or have been offered the opportunity to discuss, with my chiropractor the nature and purpose of chiropractic treatment in general, (including spinal adjustment), the treatment options and recommendations for my condition, and the contents of this Consent.

I consent to the chiropractic treatment recommended to me by my chiropractor including any recommended spinal adjustments. I intend this consent to apply to all my present and future chiropractic care.

**Dated this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_\_.**

(please print)

**Payment Agreement & Policy**

- Payment is due at the time of service.
- We offer **pre-paid options** for chiropractic care plans. Pre-paid plans provide an administrative discount and remove the need for patients to spend time being processed at the front desk each visit.
- We accept the following forms of payment:
  - Cash
  - Cheque
  - Debit Card
  - Credit Card

For practice members with insurance plans, we will provide you with the proper documentation to be reimbursed as quickly as possible. We can never guarantee that your insurance company will reimburse your care fees. You are ultimately responsible for the investment into your care at our office.

For practice members without insurance coverage, we will print out a yearly statement for income tax deductions at your request.

**Cancellation Policy**

We require a minimum of 24 hours notice to reschedule, postpone, or cancel an appointment.

Failure to provide **24 hours notice** will result in a **\$25** charge. This charge will appear as a 'Missed Appointment Fee' on your next invoice/statement.

By signing this agreement, you are indicating that you understand and agree to the terms of service explained above.
